

Polyester and Various Profiles

Solutions Glass Reinforced Polyester Fiberglass (GRP)

Dimamex factory mounts **fiberglass profiles** for all type of industry.

- **High durability, easy cleaning and zero maintenance.**
- **The GRP is perfect for making would outline material because it is a good thermal and electrical insulator, has high chemical and mechanical resistance**, high resistance to external corrosion agents and its easy to repair in case of breakage.
- Manufacturing of polyester resin with yarn winding, **to protect against a sunlight.**
- We can make any type of structure.
- Lengthen its life with screws **in steel inoxidable.**

Modules :

- Round tube
- Square tube
- Rectangular tube
- Angle L
- Double Tee
- HEB
- Solid bar
- Steps to stairs
- Profile top
- U
- Tramex
- Microtramex
- Tramex blind
